

Network 75

What is Network75?

Network75 provides students with the opportunity to Work, Earn and Learn. Students work in a local business 3 days per week and attend university 2 days per week. In conjunction with the University of South Wales, all students benefit from some of the very best degrees on offer, state of the art learning facilities, and excellent teaching.

Why Choose Network75?

Students choose the Network75 route to because of the experiences that working alongside their degree brings, coupled with the financial benefit of graduating from university debt free. Graduate from university with a degree, 5 years work experience and no student debt!

Companies choose Network75 students because they are proven to become an integral part of the business; upon graduation they have a tailor made employee who knows the company from the ground up.

What Courses are available?

Network75 offers courses in the fields of Engineering, Surveying, Accounting and Finance, Business, Computing and Law.

Please see link below for the full range of Network 75 Apprenticeship Schemes:
